Hi Christopher- Thank you for the e-mail...

Glad that you're safe! Glad that you are feeling confident at school. You can't imagine the feelings that we've had. We love you so much - we couldn't imagine what the problem was- We start to look to ourselves... to you....

Anyway- it is your brother's birthday and we're going to Syracuse this afternoon to meet Johnathan and Aunt Barbara and Uncle John. We'll send your best- you might send him an e-mail.... So, we're off to church soon -and then on to Syracuse... Tomorrow night Dad will be working late and Tuesday night he has Judge Keegan's retirement dinner. You might call between 4:30 and 5:30 on Dad's cell phone today while we're at dinner with everyone and that way you could wish him a Happy 23rd, if it's convenient, or you could call us at home tomorrow morning between 6AM and 6:30 AM. We found a bed that we really like- the furniture part.... (At Vermont -Made Furniture in Manchester).

Love you BIG- MOM & DAD XOXOOXOXOOXOXOXOOX

Hi Christopher-

Please call us tonight. I just got a call from Mobil Speedpass- you had charged over \$60. in snacks/food for three days straight. Do you have money on your card for food at school? What has happened at HSBC?

Please take note. I have just temporarily stopped the use of your speedpass device. I can reactivate it when I am assured that you will only use it for gas when you are unable to pay for it yourself- that is- once in a while.

Please call and let us know what is happening with classes as well. Love you and I am concerned with these behaviors- MOM XO

Hi Chris-

Thank you for getting back to me. I have now canceled that speedpass tag and they will be sending another. Do you have the house key? To prevent any fraud whatsoever please be very careful about where you keep your keys, credit cards, computer etc. Perhaps you lost your HSBC and speedpass to the same person. Have you settled everything with HSBC? Hope that you are getting your textbooks and that you are off to a running start with the studying. Plan study time every day. We would like to see your schedule if you would please send it to us by the weekend. Please include your study times in the schedule. Don't forget to check in with the Dean as well.

Not much new here. Except- my school is opening on the 13th of Sept and I just found out from Lin Polster. so- i'm trying to find out when I'm supposed to report. I haven't received any letters at all. Dad is still working but says that he wants to take tomorrow off. We'll see if that happens. He's going to the Motor Vehicle in the morning with your title because there is no lien written on it and Capitol One needs it ASAP. Please be very careful with mail that you get. Please pay attention to the DETAILS. Also- don't forget to file your NYS tax. Let us know if you need anything.

Love you BIG- Work hard- harder than ever before because you need the best grades ever! MOM XO

Barr just nosed me to do something- I'll see if I can figure it out.

Hi Chris- Friday 9/3 12:50 PM

We are trying to settle the title on your vehicle and in doing so we were told that your payment is one day late. If this is connected to your lost credit card/bank card problem please contact them- we have the info so call us, ok? Being late on a payment causes problems with yours and our credit rating. Don't screw this up.

I really wish that we had been involved in this.... Let us know what is happening with it will you?

10/3/04 sunday evening

Dear Chris-

I just came home from dinner with the playgroup and dad told me that JD called. You are still not accepting his calls. Why do you have a phone if you do not answer it for your family? I just don't understand it!!!!!!! Why don't you want to talk with JD, are you hiding something??? The ROTC unit phoned Johnathan in Charleston about the boot that you got on your car. The university is veryyyyyyyyyyyyy upset that you removed it. They thought that it was Johnathan's car at first- Johnathan wants to speak with you about this immediately. Please call him and call us. Remember the KEYS TO SUCCESS- Live priorities, Do it right, and commit yourself to what is important? You are not allowed to park that car anywhere you want. It is a flagrant disregard for authority- you may have broken the law by damaging their property. DO THE RIGHT THING- own up to what you have done- return thir boot if you have it- appologize- pay fines- apologize- apologize-apologize- make it right!!!! and be a man of character!!!!!!!!!! What are you thinking?

Please call JD and us immediately!!!! Your mother

We want to speak with yo about financing next semester. Please do not spend your time on the road again. Call us and we can discuss it with you. We don't have the total picture. What did the bursar come up with to assist you in terms of aide? We're off to church now and hopefully a walk over at crossroads before coming home. We both may be out tonight at 4:30 so call sometime between 3 and 4 this afternoon - OK?

Please note: American Express, Capital One Auto- credit card and NOW another letter from the Bursar that your Fall tuition expenses are past due- Are you telling us the truth about this? You can't register for the Spring semester unless you see that this is taken care of. Please - this is a priority!!!!!!!

Hi christopher-

How is everything going there? Wish you would call when you say you will or when we ask you. i hope that you see us as support - not criticism all the time. See it from our perspective- the mail is full of reminders that you are supposedly not taking care of your finances. This is very dangerous because your credit rating is SOSOSOSOSOSOSOSO very important. you must be reliable and that means responsible for all of your debt. Watch the spending and take a lesson from your aunt and uncle- be frugal. After all, they are the ones that are retired at 55.

Marylouise and Rex asked about you this week and your brother also. Rex had hernia surgery. He's had to stay in the hospital longer because of the drainage. This is his second surgery this year for hernias. He's hoping to go to NYC in two weeks and to see Marty and Mel over Thanksgiving. He did ask for your phone number because he had a couple of questions about laptops. You might give him a call because we both know that it is impossible to reach you (I have tried countless times myself). Marylouise's cell: 518-848-xxxx , their home phone: 518-835-xxxx. Your brother's number: 518-338-xxxx. Please stay in touch. We care about you.

Are you over the strep throat? Are you getting colds or what? Sleep is a great healer. You just have to say, "I can't " to your fraternity brothers. KEYS TO SUCCESS: LIVE PRIORITIES, DO EVERYTHING THE RIGHT WAY, COMMITMENT!!!! THE THREE STRESSERS THAT CREAT ILLNESS: LOSS OF SLEEP, ANXIETY/WORRY, NOT EATING PROPERLY. I have also learned about healing touch and how we can keep our energy centers from "clogging up." Hey, I'm ready for anything that will help. I'm trying to motivate dad to take better care of his health. Any ideas?

IMPORTANT!!!!

If you haven't sent your absentee ballot in yet, Paul Clyne has withdrawn from the race for district attorney. Dad thinks that he made a deal with the republicans because he endorsed Cusick, the R candidate. Maybe he will be appointed to a circuit court judgeship in the near future.... Soares is accompanied by two bodyguards- Dad says they look like they may be Faricon people.... There is more on the Soares race also- too muich to write here....

Tuesday night we are going to Carmine's to a dinner that is being given by Toni's committee to reelect. It is for family, the committee and others who have helped him in the race. There will be about 50 people there...

On the front page of the Spotlight this week there is an article about Captain Dennis Fitzpatrick, 46, who graduated from BCHS and has just been appointed to Captain of the USS Kennedy. Great article.

Well, we are having the house sprayed for carpenter ants as a prevention because of the problem with the roof. So- we have to get out of here soon. Barr is doing great- he's due for a bath this weekend. We had a nice visit with Aunt Patty and Uncle Mike- Hope that you can call us soon- we'd love to visit with you.
